Speaker background

Srimant Acharya (TATA CONSULTANCY SERVICES)
Co-Chapter Leader OWASP Bhubaneswar

Srimant Acharya has extensive experience in designing and developing web applications, having worked with all major and modern databases. The transition to application security was a natural one given the long association with developing web applications using a variety of programming languages.

He is currently working and leading a security center of excellence devoted to Application & Network security at Tata Consultancy Services. In addition Srimant is also the Co-Leader of OWASP's Bhubaneswar Chapter. His voluntary contributions towards promoting OWASP core values are not just limited to Bhubaneswar.

Jyoti Acharya (TATA CONSULTANCY SERVICES)
Speaker Co-Ordination Committee OWASP Bhubaneswar

Jyoti Acharya works as an application security analyst at Tata Consultancy Services. His main roles & responsibility includes penetration testing, spreading application security awareness across all application teams. Jyoti is also an active member of OWASP Bhubaneswar chapter where he is responsible to organize speakers for OWASP chapter meeting in Bhubaneswar.

Baren Kumar
System Engineer, Tata Consultancy Services

Barendra Kumar works as an application security analyst at Tata Consultancy Services. His main roles & responsibility includes penetration testing, security code review & spreading application security awareness across all application teams.
