OWASP

- The Open Web Application Security Project (OWASP) is dedicated to finding and fighting the causes of insecure software. The OWASP Foundation is a 501c3 not-for-profit charitable organization that ensures the ongoing availability and support for our work.
 - Participation in OWASP is free and open to all.
 - Everything here is free and open source.
 - Main objectives: producing tools, standards and documentations related to Web Application Security.
 - Thousands active members, 100+ local chapters in the world
 - Millions of hits on www.owasp.org
