

OWASP Day México 2010

Application Security Role in cybercrime
at Mexico and Latin America

Sponsorship Opportunities

OWASP and OWASP logo are OWASP Foundation copyrights.

About The Event

OWASP Day Mexico 2010 is a conference that is emerging to be Application Security event of the year. Executives and representatives of companies belonging to associations and chambers of it, media, Government and private industry in general will come to listen to top exhibitors and experts in the global scope of application security.

Allocation of space for exhibitors will lead to contact with potential customers at various times during the event, especially since the coffee breaks and lunch will be carried out in this area. (See Appendix 1 for a detailed sketch). Participation expected for this event is 200 to 300 viewers, all interested in solutions and security products.

OWASP Day 2010 will take place in the facilities of the Tecnológico de Monterrey (ITESM) Campus Aguascalientes on June 4th 2010. It will be preceded by training sessions on June 3rd. The proceeds from the event will raise funds to collaborate with the Mission of the OWASP Foundation which is dedicated to supporting and sponsoring the research, development tools, background documents, local chapters and much more, all this focused on application security.

Contact us, visit www.OWASPDayMexico.com for more information on the event or www.owasp.org to learn more about OWASP.
