

**Global Industry Committee Mission**

The OWASP Global Industry Committee (GIC) shall expand awareness of and promote the inclusion of software security best practices in Industry, Government, Academia and regulatory agencies and be a voice for industry. This will be accomplished through outreach; including presentations, development of position papers and collaborative efforts with other entities.

<b>Number</b>	<b>Goal</b>	<b>Associated Activities</b>	<b>Performance Metrics</b>
1	Increase connection points with industry	&#61623 Develop OWASP rolodex of contacts within industry, government, academia and regulatory &#61623 Actively invite industry leaders to OWASP events	&#61623 Completed rolodex of industry contacts among OWASP leaders (focusing on board and committee chairs, content and format of rolodex TBD) &#61623 At least one attending invited industry leader at each appsec conference and summit
2	Understand industry needs and expectations of OWASP	&#61623 Develop, execute and distribute the CISO survey &#61623 Solicit informal feedback from industry personnel on OWASP activities and products as appropriate	&#61623 Completed, produced and distributed CISO survey
3	Gain industry buy-in for OWASP goals and methodologies	&#61623 Develop, execute and distribute the CISO Appsec Guide &#61623 Meet with industry leaders and representatives to discuss OWASP and Appsec best practices	&#61623 Completed, produced, and distributed CISO Appsec Guide
4	Gain industry support of OWASP	&#61623 Solicit sponsorships for OWASP, OWASP events, and OWASP projects	&#61623 10% increase of industry sponsorship of OWASP (measured in funds) from prior year as a result of GIC effort
