**AMSTERDAM RAI** CONVENTION CENTRE

# Amsterdam RAI Convention Centre

With over 120 years of proven, professional experience and performance, Amsterdam RAI offers everything you need for a successful conference, (trade) exhibition or event. The RAI has the flexibility to organise or accommodate events of all sizes. The venue is easily accessible, provides a wealth of facilities and has numerous multifunctional areas. Amsterdam RAI aims to make each visit a stimulating, special and successful experience.

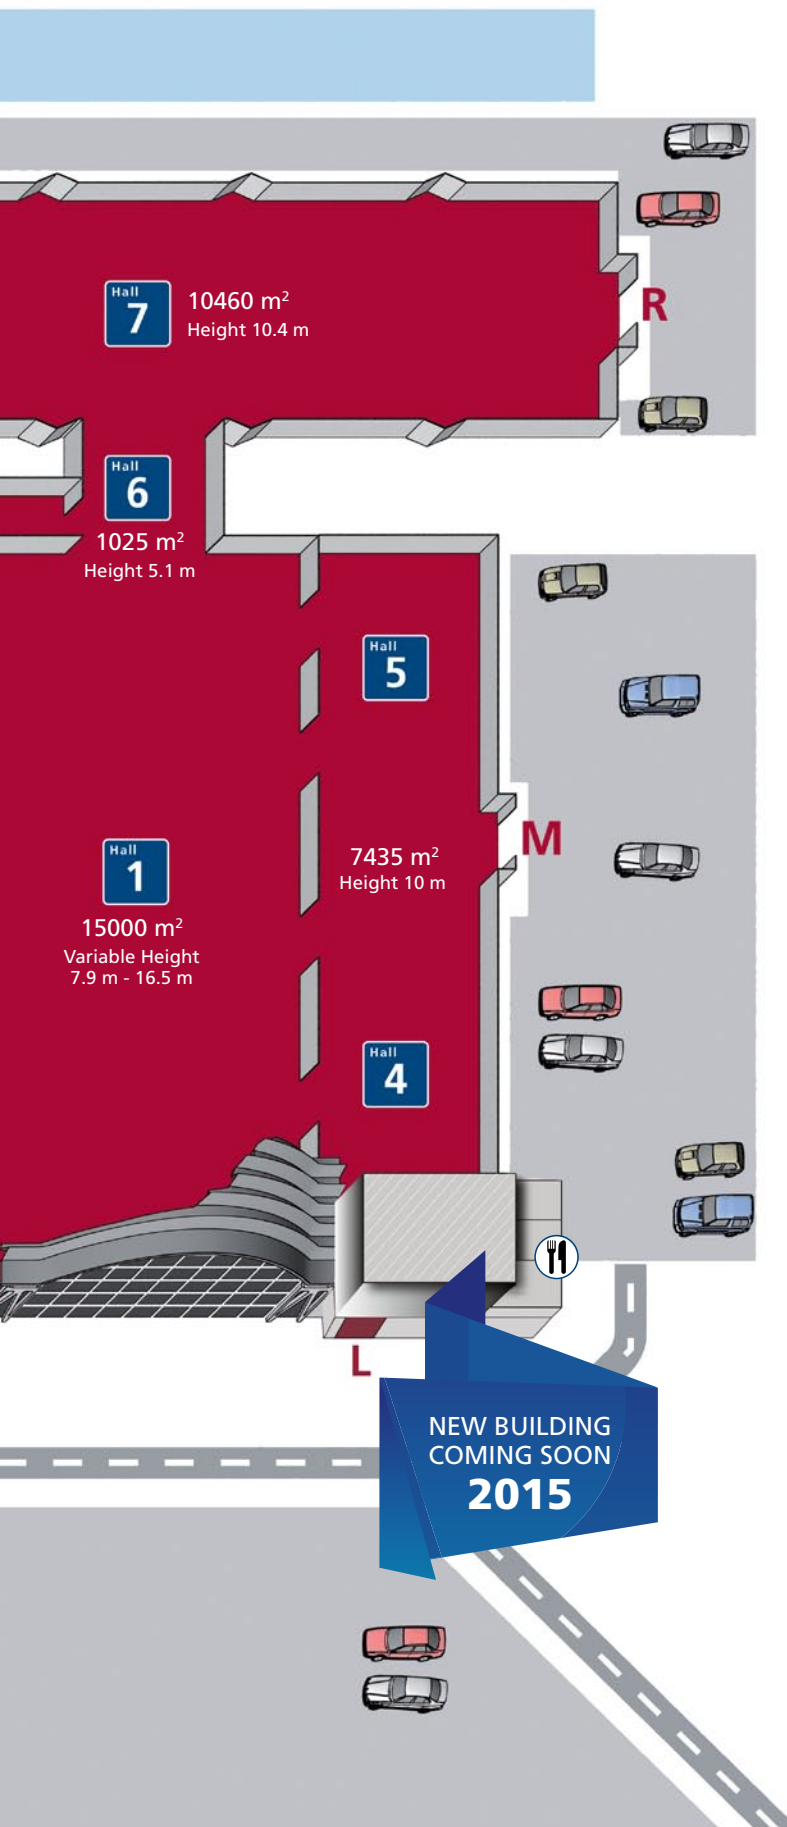

The Elicium is the location for high-profile events in innovative surroundings. As the RAI's newest multi-faceted building, the Elicium provides an added dimension to the many possibilities Amsterdam RAI has to offer. It is the ideal link between the existing RAI complexes and offers a wide range of functions.

In this brochure you'll find an overview of Amsterdam RAI with its lounges, rooms and halls.

## Ground Floor

## First Floor

## Ground Floor & First Floor Amtrium

The RAI complex has been designed to be as flexible as possible in order to accommodate all types of events, whether they occupy the entire complex or only use a part of it. Flexibility is a key word, especially in today's market, and there is a growing need for locations where conference possibilities can be combined with exhibitions and/or meeting rooms, e.g., for break-out-sessions or product presentations. The new conference and meeting facilities will be a valuable addition to the northern part of the complex. This already contains Hall 1, Amsterdam RAI's largest exhibition hall, and the adjacent Hall 4/5, making it already ideal for large exhibitions. A quality restaurant will represent the finishing touch for the versatility of the new building.

# Easy to get around

## **BY AIR**

You can reach Amsterdam RAI from Amsterdam Airport Schiphol by car or public transport in less than 15 minutes. Schiphol Airport is one of Europe's biggest airports and offers passengers a high standard of service.

## **BY TRAM & BUS**

If you arrive at Amsterdam Central Station (CS), take either the Amstelveen metro 51 (travelling time: 12 minutes, exit at the Amsterdam RAI station) or tram 4 (travelling time: 30 minutes, exit at the RAI Europaplein). If you are travelling by train to the Amstel station, you can take the Amstelveen express tram 51 (travelling time: 5 minutes) or the bus (bus 65), which will bring you to the RAI within 10 minutes. In this case you should get off at RAI Europaplein. From Amsterdam Sloterdijk station, the best way to reach the RAI is with metro 50.

## **BY TRAIN**

NS-station Amsterdam RAI is 300 meters from the RAI and has regular connections to all parts of the Netherlands, like Schiphol, Rotterdam, Utrecht, The Hague as well as the international rail network. Check the NS website ([www.ns.nl](http://www.ns.nl)) for your itinerary.

## **BY CAR/MOTORBIKE**

Amsterdam RAI is ideally suited for visitors who come by car. It is situated alongside the Amsterdam's A10 ring road (exit 9) and has its own underground car parks. As all main motorways can be easily reached from the ring road, the RAI is very accessible to visitors coming from within the Netherlands or abroad.

Numerous signboards give directions to the RAI. During large exhibitions orange signs displaying 'P RAI' will direct you to additional parking places from where a free shuttle bus takes you to Amsterdam RAI.
