

OWASP AppSec EU Sponsorship

Open Web Application Security Project (OWASP) is a global open source application security project composed of corporations, educational organizations, and individuals from around the world. OWASP has quickly become the de-facto standards body for web application and software security by providing free, vendor-neutral, practical, cost-effective application security guidelines.

OWASP's Global AppSec Conferences are its flagship outreach effort. Each year OWASP hosts four global AppSec conferences:

- North America
- South America
- Europe
- Asia/Pacific

OWASP Global AppSec Conferences draw over 1500 global attendees annually

OWASP events attract a worldwide audience interested in “what’s next?” — as an OWASP Conference sponsor, your brand will be included as an answer.

AppSec EU 2013 will take place in Hamburg, Germany from August 20th to 23rd.

OWASP is providing sponsors exclusive access to its audience in Hamburg through a limited number of Expo floor slots, providing a focused setting for potential customers. Attendees will be pushed through the Expo for breakfast, lunch and coffee breaks giving them direct access to sponsors’ booths and technology.

OWASP offers a variety of opportunities for advertising and logo placement at their AppSec Conferences

The conference is expected to draw **over 400 international attendees**, all with budgets dedicated to web application security initiatives. Financial Services, Media, Pharmaceuticals, Government, Healthcare, Technology, and many other verticals will be represented. Sponsorship opportunities are filling up rapidly.

All proceeds from sponsorship support the mission of the OWASP Foundation (501c3 Not-For-Profit), driving funding for conferences, research grants, tools and documents, local chapters, and more.
