# OWASP - Sponsorship OpenSAMM - 2016

OWASP OpenSAMM and the upcoming **OpenSAMM Summit** is the premier source worldwide and locally for IT and application and software security *technologists* including CSOs, CISOs, CTOs, CIOs, DSOs, security architects, developers, network admins, application admins, MIS directors, government defense chiefs, and integrators to setup a Secure Development Life Cycle Program.

We are seeking sponsors to support OpenSAMM during 2016. All proceeds from the sponsorship support the mission of the OWASP Foundation and the further development of OpenSAMM. Supporting the project and the summit in New York drives the funding for research grants, OpenSAMM hosting, tools, templates, documents, promotion, and much more.

By sponsoring OpenSAMM, you not only support an important and flagship OWASP project, you will also get visibility during the OpenSAMM Summit in New York and recognition on the OWASP OpenSAMM project web site and the next release of OpenSAMM (version 2.0).

OWASP SAMM Summit 2016
20-21 April 2016
New York, US

OWASP
Sponsor OpenSAMM
SPONSORSHIP INFORMATION

This <u>combined</u> sponsorship package covers the OWASP OpenSAMM project and the upcoming OpenSAMM Summit in New York (20-21 April 2016).

- You support an active OWASP project with monthly project meetings, an active mailing list (with hundreds of members) and will get recognition on the OWASP SAMM project page and in the next release of OpenSAMM (version 2.0). OpenSAMM is the premier open source Secure Development Life Cycle methodology used by practitioners and security decision makers all over the world.

- You support the second **OWASP OpenSAMM Summit** which is organized on **20 & 21 April in New York**. This edition is organized in SohoSoleil in Soho and will cover round tables and project summit workshops.

Your sponsorship will be **invested directly** in the OWASP OpenSamm project and summit, covering hosting, printing, graphical design, distribution, promotion, venue and catering expenses.
