Demographics

Membership List
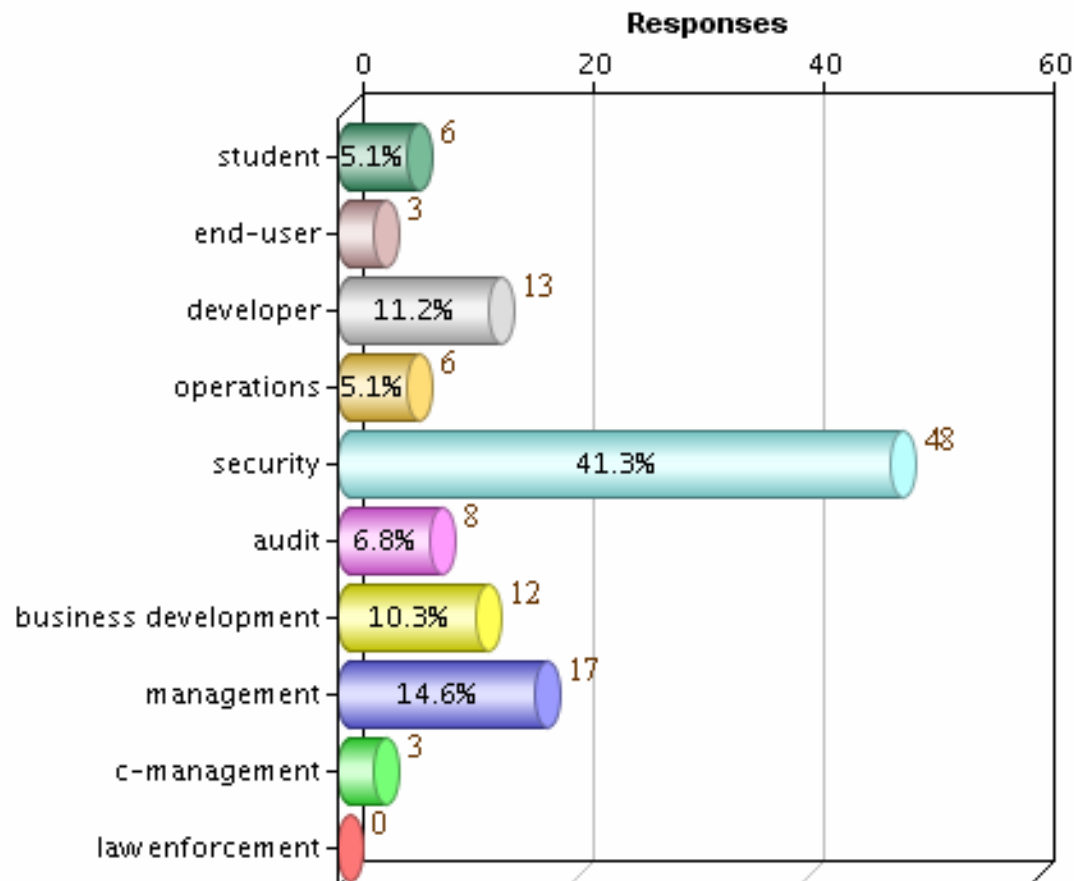

447 members total, 30 shown

Rules of the OWASP fight club

- We are supported by our peers to provide a **vendor agnostic** security focused event with educational topics.
- **SPEAKERS EDUCATE** – OWASP focuses on best practices, techniques and research – no sales pitches.
- SUPPORTING VENDORS have sponsored this event – check them out they keep the events FREE to you the attendee
- The Inner Circle (ISSA, HTCIA, DC212, 2600, INFRAGARD etc..etc... = your g33k peers)
- We expand our membership as a distributed social network (example g33ks w/guns)

Demographics…

■ Limited Seating – 116 FULL HOUSE

## What BEST describes your role in Information Security today?

Responses

Role	Percentage	Count
student	5.1%	6
end-user		3
developer	11.2%	13
operations	5.1%	6
security	41.3%	48
audit	6.8%	8
business development	10.3%	12
management	14.6%	17
c-management		3
law enforcement		0

TOPIC: 12 Ways to Go Wrong with Java Security
**SPEAKER BIO: Richard Bowen**

TOPIC: Mobile Security
SPEAKER: Philip Varughese, Corey Benninger

■ **CHECK WEBSITE + RSVP**

Demographics..

After attendance of this meeting, will you require a CPE certificate for 3 CPE credits for attending this meeting?

Feedback (RSVP Form)

- "Punch and Pie is a must. Also the paintball events rock "
- "more 15 min demos and hands, detailed technical discussions or walkthroughs"
- "I would like to see more topics on IT Security integration with Physcial Security. I feel this is a path our profession is taking and it needs to be addressed. "
- "The CPE credit printout should at least include the name of the event, the date of the event, the location of the event, and my name. ISC2 will probably not accept the current printout as proof of attending the meeting"
- "The evening meetings in NYC and Jersey City work great for me. Thank you for all your hard work. I find these meetings much more valuable than other organizations. "
- "Try to stick to the schedule.. so that all speakers get time to speak"

Got Some Spare Cycles?

- Volunteers are always welcomed to work on upcoming events, help with special projects
- Annual elections for officer/board member seats next election December 2007
- Host a Meeting?
- Event Sponsorship?
- ****2008 OWASP NYC 5 Day Global Event**
- Q&A ?

A message from our fearless leader...

Jeff Williams OWASP Worldwide Chair

OWASP DAY Panel

- a) What is the current state of Privacy on Web Application Security? Does it really matter? Is privacy what will drive radical changes in web application's security (ala PCI)?

OWASP DAY Panel

■ b) Application side: what the data owner should be doing to protect the user's privacy? Should there be a law that states how to protect this information? What can we do to improve it?

OWASP DAY Panel

c) Client side: what is the client's perception of
   privacy? How can a user trust a site about his
   own data treatment? Is the client nowadays
   safeguarded about a possible loss of privacy?

OWASP DAY Panel

d) What should OWASP be focusing on?

OWASP DAY Panel

e) What would OWASP spend it's grant money?
(note that new OWASP members can allocate
some or all of their membership fees to specific
projects)

OWASP DAY Panel

f) Should OWASP organize such 'OWASP Weeks'
every quarter?
