January, 2013

The **Columbus Chapter** of the **Open Web Application Security Project** (OWASP) is pleased to announce this

CALL FOR PRESENTATIONS

On Thursday, February 27th, at 1PM at the Training Room at Improving Enterprises, the Columbus OWASP chapter will be presenting is First Quarter Meeting, specifically on the subject of Web Application Security.

This Call For Presentations (CFP) is open to all professionals who agree to adhere to the Speaker Guidelines, and who have a topic of interest in web application security that they are willing to present to attendees. Web application security topics of special interest include:

- Web Services and Application Security
- Analysis of current security incidents
- Common Web Application related Threats and Risks
- Business Risks with Web Application Security
- "Cloud" Security
- Vulnerability Research in Web Application Security
- Web Application Penetration Testing
- Secure Coding Practices
- Technology specific presentations on security such as AJAX, XML, etc.

Presentation abstracts should include:

- A 1-3 paragraph overview of the topic to be presented
- A presentation outline
- A speaker bio

Abstracts can be submitted to the Columbus OWASP Organizers at columbusowasp@gmail.com.

Presentation abstracts are due by Wednesday, February 12 at 12 noon.
