

Global Membership Committee Mission

The Membership Committee recommends policies, procedures, and strategies for enhancing the membership in OWASP both numerically and qualitatively. The committee provides a written plan and recommends policies, procedures, and initiatives to assure a growing and vital membership organization.

Number	Goal	Associated Activities	Performance Metrics
1	Increase individual membership	-Membership drive in association with Chapters Committee -Membership incentives in association with Conferences Committee	Increase individual membership from 1543 to 2500 or more
2	Increase Corporate Supporters	-Vendor membership drive in association with Conferences Committee -Industry membership drive in association with Industry Committee	-Increase Corporate Supporter from 55 to 100 -Have at least 25 Industry Corporate Supporters
3	Better define roles/responsibilities of University Supporters	-Work with Education Committee to rework University Supporter model	-Release updated University Supporter model with specific requirements for Educational Supporter provision of meeting space, use of OWASP materials in courses, etc
4	Increase the number of Educational Supporters	-Membership drive in association with Education Committee	Increase University Supporters from 38 to 50
