Sponsorship OWASP SAMM

OWASP SAMM and the upcoming **SAMM 2.0 release** is the open source software security maturity model used to develop secure software for IT and application and software security *technologists.* This includes CSOs, CISOs, CTOs, CIOs, DSOs, security architects, developers, network admins, application admins, MIS directors, government defense chiefs and integrators. They use OWASP SAMM to kick-start and advance a Secure Development Life Cycle Program (measure and align maturity to the organization risk appetite with prescriptive guidance).

We are seeking sponsors to support OWASP SAMM. All proceeds from the sponsorship support the mission of the OWASP Foundation and the further development of SAMM. Supporting the project drives the funding for research grants, SAMM hosting, tools, templates, documents, promotion, and more.

By sponsoring SAMM, you not only support an important and flagship OWASP project, you will also get visibility during the next SAMM Summit (part of the OWASP Summit 2018) and recognition on the OWASP SAMM project web site and the next release of SAMM (version 2.0).

Sponsor OWASP SAMM
SPONSORSHIP INFORMATION

This sponsorship package covers the OWASP SAMM project and the upcoming SAMM Summit near London (4-8 June 2018).

- You support an **active OWASP flagship project** with monthly project meetings, an active mailing list (with hundreds of members) and will get recognition on the OWASP project page and in the next release of OWASP SAMM (version 2.0). OWASP SAMM is an open source software security maturity model used by practitioners and security decision makers all over the world.

- You support the next **OWASP SAMM Summit** which is organized as part of the OWASP Summit 2018 near London on 4-8 June 2018. This edition will cover user tracks, trainings, round tables and project workshops.

Your sponsorship will be **invested directly** in the OWASP SAMM project and summit, covering hosting, printing, graphical design, distribution, promotion, venue and operations expenses.
